SIXTY ARE ALSO INJURED SOME OF THEM SERIOUSLY

Four Hundred and Seventy-Five Miners
Were Trapped by the Explosion But 345
Were Rescued Uninjured—Caused by Run-
away Skip Cars Which Cut Electric Wire

(By The Associated Press)
BIRMINGHAM, Ala., Nov. 22.—Seventy miners were killed and sixty injured, some of them seriously, in a dust explosion in Dolomite Mine No. 3 of the Woodward iron company, nine miles from this city, this afternoon, which trapped 475 workers beneath the surface, according to an official statement issued tonight by D. E. Wilson, treasurer of the company. Three hundred and forty-five men were rescued uninjured.
Daniel Harrington, United States mine rescue official, stationed here, previously sent a message to the Pittsburgh station, estimating the death at 50 with at least that number injured.
State militia gradually is assuming charge of policing the districts surrounding the mouth of the pit tonight and it was stated that martial law might be called to avoid congestion about the mine owing to the influx of the curious.
According to Treasurer Wilson, many of the injured were already at their homes after receiving first aid treatment at the mouth of the mine, their hurts being of a minor nature. Company physicians worked at top speed in emergency hospitals established at the mouth of the mine.

MONARCHISTS MET YESTERDAY ELECTED CZAR

Grand Duke Nicholas Elected to Throne of Late Czar

(By The Associated Press)
Paris, Nov. 22.—The supreme council of Russian monarchists representing all that is left of the movement in favor of the return of the Czarism in Russia has just completed a five day secret session in Paris during which Grand Duke Nicholas former commander-in-chief of the Russian army was elected successor to the throne of the late Czar Nicholas.
It also was decided immediately to remove the headquarters of the Russian monarchists organization from Berlin to Paris. It was informed Russian circles this is said to have been done because of the growing strength of the Bolsheviks in Berlin and rumors the German government.
Sixty prominent Russians, including Grand Dukes Cyril, Nicholas, Dmitri and Alexander attended the meeting, coming from all parts of Europe for the purpose. The council was held in a room not expected of the recent announcement by Grand Duke Cyril that he was the logical heir to the Romanoff throne.
Cyril and Dmitri were considered for the honor by the council but Nicholas received 55 of the 60 votes.
Alexander Trooff who was once premier under the old regime was elected president of the council.
The majority of the Russians in Paris regarded the monarchist movement as a lost cause. They say Russia eventually will overthrow the soviet but never will return to the czarist movement.

ROAD IS SWIFTLY CLEARED FOR THE SHIP SUBSIDY BILL

Democrats at Caucus
Agree to Stand Solidly Against Act

(By The Associated Press)
WASHINGTON, Nov. 22.—The road was swiftly cleared today for an early end of the house fight over the administration shipping bill which will begin tomorrow. A special resolution giving the bill right of way was put thru the house by a vote of 200 to 110. It followed party lines with Democrats and 16 Republicans opposed it.
Immediately after the house action, Democrats agreed at a caucus to stand solidly against the measure. One Democrat, O'Connor of Louisiana, served notice that he would not be bound by the decision announcing he was in favor of the bill.
The three Democrats joining Republicans in the move to get the measure before the house were O'Connor, Lea, Calif., and McDuffy, Alabama.
Republicans voting against it were, Beck, Browne, Frear, Lamart, John M. Nelson and Volght all of Wisconsin; Bickins, Hull, Copp, Dowell and Townar, Iowa; Clague and Keller, Minn.; James, Michigan and Sinclair, North Dakota.
Representative London, Socialist of New York stood with opponents.
The soldier bonus issue was injected into the debate by Representative Johnson, Republican, South Dakota who announced that he would vote to permit the house to consider the bill but would not vote for its passage. Mr. Johnson declared no party could survive that refused to give a bonus to soldiers and then gave a bonus to ships.
Sharply contrasting views were presented by Representative Mondell, Wyoming the Republican leader and Representative Garrett, Tennessee, the Democratic leader. Mr. Mondell declared that the Republican administration has been able in 18 months to cure the evils left by a Democratic administration particularly with reference to the shipping problem. It was a question he said of a constructive or destructive policy.

(By The Associated Press)
BERLIN, Nov. 22.—Chancellor Cuno took over the reins of government this morning despite the fact that this was a religious and legal holiday and devoted the day to installing himself in the chancellors palace and conducting informal conferences with his ministers. MRS. W. H. FELTON ENDS TERM WITH DRAMATIC SPEECH

First Woman Senator
Retires After One
Day on Job

(By The Associated Press)
WASHINGTON, Nov. 22.—Woman's brief dominion in the senate ended today with a dramatic speech by Mrs. W. H. Felton of Georgia, the first woman senator, followed by her retirement "from the public stage."
Tonight she was enroute home.
Every wish of the feminine pathfinder—to be sworn in and placed legally on the senate rolls to answer a senate roll call and to make a brief address had been gratified before she left the capital.
"Indeed, I feel like I am the happiest woman in the United States," the 87 year old lady said amid applause in the first address ever made by a woman in the senate. Immediately afterward her successor, Walter F. George was administered the oath and Mrs. Felton became a former senator.
Appointed Oct. 3, upon the death of Senator Thomas E. Watson, and sworn in yesterday, her actual senate service was 22 hours and 25 minutes.
Complete poise and earnestness marked Mrs. Felton's address made from the center aisle. Her voice reached all parts of the chamber without quiver of age or agitation. She spoke extemporaneously ignoring notes in her hand and with her quaint humor drew laughs from senators and a round of applause at the close. She thanked the senate for a "beautiful, hospitable welcome" and was applauded when she said: "You can take this remnant of the Old South that has never flickered in her patriotism and you can be very well assured that she is not going to disgrace her commission."
In closing she declared that women would bring to the senate ability, integrity and exalted purpose.
Mrs. Felton remained as a former member until adjournment and left Washington tonight for her home.
Senator Harris, Democrat, of Georgia today offered a resolution to give Mrs. Felton full pay and perquisites of her term.

POSTMASTERS ARE NOMINATED BY WHOLESALE

President Sends Batch of
1,000 to Senate, Most-
ly P. M.'s

(By The Associated Press)
WASHINGTON, Nov. 22.—About a thousand nominations mostly of postmasters, but not including supreme court or other federal judicial officers were sent to the senate today by President Harding in the batch of presidential appointments forwarded since congress reconvened. The president also delayed transmitting nominations for federal reserve board vacancies and it was reported that these would not be ready before next month.
Many of today's nominations, which included the federal coal commission and seven major and 12 brigadier generals had been submitted during the last session of congress but failed of action.
Prompt confirmation of the coal commission, appointed soon after the last session adjourned is planned by senate leaders but several other nominations are promised sharp opposition. One of the latter is the nomination of Walter L. Cohen, negro and veteran Republican leader to be comptroller of customs at New Orleans.

STEPS INAUGURATED FOR ENACTMENT OF RURAL CREDITS BILL

Members of Congress from the Agricultural
States Would Have Legislation Passed Be-
fore End of the Present Congress—Sen-
ator Norris Introduces Measure in Senate

(By The Associated Press)
WASHINGTON, Nov. 22.—Encouraged by the recommendation of President Harding in Tuesday's message that the nation's credit systems be broadened to provide relief for the farmers, members of congress from the agricultural states today inaugurated steps to bring about enactment of rural credit legislation before the end of the present congress next March.
Developments centered largely in the senate and included introduction of a bill by Chairman Norris of the agriculture committee for creation of a government capitalized corporation to buy and sell farm products; an address by Senator Ladd, Republican, North Dakota, warning against enactment of rural credit legislation based on the federal reserve system and a conference between 18 senators from the livestock growing states and a committee of the American Livestock association at which the draft of a new credit bill was discussed. These developments with statements by leaders indicated that the passage of rural credit legislation would occupy a foremost place on the program of the agricultural bloc. The senate members of the bloc will meet next week and will endeavor to agree upon a program.
The bill presented by Senator Norris for a farm products corporation is similar to a measure offered by the agriculture committee chairman at the last session but which was supplanted by legislation extending the life of the war finance corporation and its powers in the furnishing of agriculture credit until next June 30.
Senator Norris would have created a corporation with a maximum capital subscribed by the government of \$100,000,000 and a directorate of three members the secretary of agriculture and two others appointed by the president.
The corporation in brief would be authorized to acquire elevators and warehouses; to buy farm products in the United States and to sell them either in this country or abroad and to operate unchartered government tonnage in the carrying of products of the farm. The measure was referred to Senator Norris' committee, but there were no indications that it would receive consideration much more favorable than its predecessor.
The bill presented by the National Livestock association committee to senators from the livestock states was drafted by the committee in conference with war finance corporation officials and is designed primarily to aid the livestock producers, although committee members argued it would provide relief for farmers. Its enactment or the passage of legislation having similar features, Fred Bixby, president of the association told the senators was necessary to save the livestock producers of the west.
Senator Capper, Republican, of Kansas, who presided at the meeting will introduce the bill tomorrow. The bill will entail no use of federal funds. It would provide for the formation under federal law and under the supervision of the comptroller of the currency of agriculture credit corporations with a minimum capital of \$250,000 to which national banks might subscribe to the aggregate of not more than ten per cent of their paid-in capital and surplus.
The bill contemplates utilization of the federal board machinery to a certain extent and drafts issued or drawn for agricultural purposes, secured by warehouse receipts and accepted by member banks would be made eligible for re-discount with a maturity of six months instead of the present three months.

BLAMES U. S. FOR ALL THE UNREST NOW IN EUROPE

Clemenceau Says U.
S. Left France in-
Lurch After War

(By The Associated Press)
NEW YORK, Nov. 22.—Georges Clemenceau today laid at the door of the United States blame for all the unrest in which Europe now seethes. Speaking before an audience of business men at the Chamber of Commerce of the state of New York the aged French war premier declared that America had left France "in the lurch" after the war.
"It was a great mistake to leave to leave without any proposal for an adjustment of matters," he declared. "It was the greatest mistake and the source of all the evil that is taking place now."
"People ask me 'what do you want us to do?' he continued. "I answer: I don't know what I want you to do. I want you to interfere in Europe because you left it too soon. I want you to come back, make a little new trip to Europe, saying: well now, gentlemen what's the matter with you—something gone wrong? I will give you some help. Can I be of use?"
The speech was only one of the high spots in the most stirring day Clemenceau had since he arrived Saturday for a tour, the aim of which was to be the winning of America to a closer relationship with France.
Guarded by a doubled force of motorcycle police because some one signing himself "world war veteran" had sent a threatening letter, the Tiger rode to the chamber building thru a big cheering crowd. His address last night apparently had heightened interest in him.
From the chamber he drove to Brooklyn to review the 106th Infantry regiment. Crossing Manhattan Bridge the Tiger's car plunged at once into a lane of wildly cheering school children many of them garbed in picturesque costume, most of them waving French or American flags; and all of them cheering and crying "vive le tiger" and "vive la France."
The tiger was given a long ovation as he walked slowly in review before the massed troops at the armory. After he had placed a wreath on the tablet commemorating the regiment's dead Clemenceau faced the uniformed men and addressed them "as a man of action to men of action."

Goodrich's orchestra furnished music all during the evening and the visitors were shown thru the new plant and saw the baking of "The Twin Loaf" in progress. A delicious lunch of hot coffee, sandwiches and cakes was also served during the evening. Mrs. Conover, Miss Esther Davis, Miss Alma Mackness and Mrs. E. H. Keefe assisted in receiving and entertaining the guests.

Parties were conducted thru the plant and saw the new and up-to-date machinery which has been installed, in operation. The building has been completely renovated inside and presents a most attractive and clean appearance. The process of making the new "Twin Loaf" was demonstrated from the mixing of the dough until the wrapping of the finished product. Carl P. Keeney and Harry Eickstead, baking experts and representatives of the Fleischmann Yeast company of St. Louis, were present and assisted William Townsley, the foreman of the shop in demonstrating the baking process.

"The Twin Loaf," — "The double loaf with the triple satisfaction"—was made during the evening and the visitors were able to see the whole process. The methods and the special ingredients used in making the bread were demonstrated and the operation of the different machines was also shown. The visitors were able to follow the dough from the mixing, thru the process of fermentation, to the automatic weighing, molding, thru the proof box, the molder, the steam room and into the ovens. At the conclusion of the baking the loaves were wrapped in the automatic machines and the finished product displayed. The opening convinced the visitors that the Ideal Bakery is endeavoring to serve the public in the best, most efficient and satisfactory manner possible.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c

MINISTER DIED AFTER LONG PASTORAL SERVICE

Death of Rev. E. B. Ashurst, Well Known Here, Took Place at Havana.

The death of Rev. E. B. Ashurst occurred recently in Havana. He deceased was the father of Mrs. H. D. Richards of this city and has a number of other relatives in Morgan county. Prior to Mr. Ashurst's death he made arrangements for his funeral and prepared his own obituary notice.

The facts are set forth in the following paragraphs by Rev. G. C. Cross:

Rev. E. B. Ashurst was born near Saldora, Mason County, Illinois, December 15, 1856, and died at the home of his son in Havana, Illinois, on Sunday, November 19, 1922 at 3:00 o'clock P. M.

Brother Ashurst was sixty-five years, eleven months and four days old.

He united with the Bethel church February 3, 1899, and later moved his membership to Mt. Pleasant Baptist church at Medora, Ill., where he remained a member until his death. He was ordained to the gospel ministry Sept. 21, 1902.

Brother Ashurst was one of God's most faithful preachers. He believed in the old time religion. He preached the clean, pure gospel and practiced the same every day. Brother Ashurst was the instrument in God's hand in leading many, many souls to repent of their sins and accept Christ as their own personal Savior. Rev. Ashurst went to his churches and preached and baptized his candidates many times when he was sick and really should have been home in bed, but he felt the obligation of the divine call to go and tell sinners the gospel of salvation, so he was faithful to his calling and even preached the last Sunday night he was on earth and closed his service by having a hand shaking with his congregation at the dear old Bethel church where he was called to the ministry and which ordained him and where he had been pastor for eighteen years before.

Brother Ashurst had just been called back to the pastorate of Bethel church and went and preached the he was sick at the time and took his bed the next day, Monday November 13th, and the following Sunday afternoon God said, "It is enough my faithful servant, come home and rest." Rev. Ashurst has gone to be with Jesus in that beautiful home above, and we will miss his face down here, but his influence will live on in the hearts and lives of others.

Rev. Ashurst's first wife, the mother of his children Mrs. Sarah Elizabeth Ashurst and seven children, Miss Poly Ashurst, Mrs. Laura Williamson, Lonnie, Jennie, Minnie, John and Jessie had preceded him to the better world. He leaves to mourn his departure, his wife, Mrs. Martha Ashurst, one son, Logan Ashurst, one daughter, Mrs. H. D. Richards, three grandsons, Lloyd, Cecil and Albert Ashurst, two granddaughters, Mrs. Fred Tribble and Virginia Richards, and one great grand daughter, Mildred Tribble, and one step daughter, Mrs. Leroy Carbridge, and a host of other relatives and friends.

No, he could not stay longer, but from us he did depart; God knows the best always, the it nearly broke our heart.

He is in Heaven above us so high with the angels he shall hover, With no sorrow or no pain to make him sigh, but with a watchful eye he is waiting for his loved ones.

"Blessed are the dead that die in the Lord." He is gone but not forgotten. Never will his memory fade; Sweetest thoughts will ever linger Round the grave where he was laid.

It is sad to part with father, And so sad to see him die; But we trust some day to meet him In that home beyond the sky. There the pearly gates were opened, And a gentle voice said "Come; And with sad farewells unspoken, He has safely entered home. O, we loved him, yes we loved him, But the Savior loved him more. So the angels sweetly called him To the bright and happy shore. Were he permitted one more message to speak, I believe it would be this: "Dear friends, as you are now, so once was I, as I am now you must be; prepare for death and come live with me."

The writer preached his funeral. Text: I Thessalonians 4:17-18.

FIRST AID TO TRUCK DRIVER NOT APPRECIATED

A truck used for hauling chicken coops was overturned on the Mount road Wednesday. The accident happened near the residence of W. G. Richardson, when the driver turned too sharply at a point where a road grader was at work.

Mr. Richardson and the men operating the grader assisted in righting the truck and neither of the two men occupying the seat was injured. Almost immediately after the truck had been straightened out it caught fire. Men applied dirt to the flames and Mr. Richardson hastened to use his fire extinguisher and the danger was soon past.

When someone remarked to the truck driver that his machine had been saved by prompt action he replied: "O you have simply saved a loss for the insurance company." No word of appreciation reached the ears of Mr. Richardson or the men operating the grader, and after the accident they were left to wonder whether or not their rescue work had been well timed.

COURT STREET PAVEMENT FINISHED WEDNESDAY

Asphalt was laid on Court street yesterday between Church and Fayette streets. It is a fine piece of work and certainly constitutes a great improvement. Contractor Thatcher hurried the work along this week so that when Northminster church makes an appeal for funds on Sunday to pay paving indebtedness, they can have the splendid improvement as proof that the money has been well spent.

Work is moving along steadily on West College avenue. The binder course has been laid to a point east of Diamond street. It will take between two and three weeks more of continuous work to plete the pavement.

Mr. Thatcher said yesterday that all of the supplies necessary for the job have been shipped, the greater portion already being on the ground. Unless there are unusual delays, the spreading of the binder course and the top course will continue day after day until the job is completed.

Studebaker

At its new low price of \$1275 the Studebaker Special-Six Touring Car maintains Studebaker ideals of quality and performance, with added features that make it even a greater value than before.

It is known for its striking beauty just as it is for its thorough dependability. Luxurious comfort is assured by the nine-inch seat cushions of genuine leather and the long semi-elliptic springs, front and rear.

Power, flexibility and ease of handling are combined to make the Special-Six the most highly regarded five-passenger car on the market.

By manufacturing complete motors, transmissions, bodies, tops, castings, forgings and stampings, middlemen's profits on such items are eliminated and one profit only is included in Studebaker prices. Highest standards of workmanship are maintained and materials are the finest the market affords.

In the Special-Six Touring Car you will find such value and satisfaction as only Studebaker can offer.

LANDIS AGAINST CLUBS THAT PLAY INELIGIBLES
(By The Associated Press)
CHICAGO, Nov. 22.—Commissioner of Baseball Landis today reiterated his stand against independent clubs which harbor ineligible players and cited the recent incident wherein the Ottawa, Ill. club was given permission to play a major league club after it had made false representations as to its lineup.
"Independent teams are not under the commissioner's jurisdiction," he said, "but the rules provide that major and minor league clubs may not play teams that harbor ineligible players or that consistently play other teams using ineligible players."
An incident of last season was referred to in connection with a game between the Chicago White Sox of the American League and a team at Ottawa, Ill.
"That game was secured thru false representations by the Ottawa team that it had no ineligible," Commissioner Landis said. "In response to a request by the White Sox for its lineup a list of players was submitted, which was examined here and found unobjectionable, so the White Sox were given permission to play. Since the game was played it has been found that the Ottawa management listed an ineligible player under an assumed name."
"I have noticed articles to the effect that the Peoria, Ill. club of the Three I League previously was forbidden by me to play the Ottawa team. I do not know who is responsible for that statement but it is untrue. I never

had any correspondence or conversation with the Peoria club or anybody else respecting any game between Peoria and Ottawa.
"In fact the White Sox inquiry concerning the Ottawa team was the first and only connection the commissioner's office had with exhibition games by that team with any major or minor league club. Of course the ineligibility of that team has now been established, thru its listing this ineligible player under an assumed name and hereafter it will be unable to secure any exhibition games with professional clubs, whether major or minor."

PREPARE FOR TEAM IN NEXT OLYMPIC
WASHINGTON, Nov. 22.—Initial steps for the participation of America's team in the Olympic games of 1924 to be held in Paris were completed today at the Quadriennial meeting of the American Olympic association. During the session, the American Olympic committee which hereafter will carry the burden of preparation was appointed, five new sport governing bodies accepted into membership funds amounting to \$7,500 donated and the delegates received by President Harding.

The convention completed its meeting tonight with a dinner at which Colonel Robert M. Thompson, the leading spirit in the reorganization, presided and prominent government officers spoke. The latest additions to the American Olympic association include the National Amateur Athletic Federation, the United States Lawn Tennis association, the National Collegiate Athletic association, the National Remount association and the Navy League.

The inclusion of these bodies in the Olympic Association gives that organization a membership of close to 50 sport governing bodies and forms the most complete and impressive association of its kind in existence.
The first of the new members to assure active participation in the Paris games was the United States Lawn Tennis association which promised to enter a team composed of the best players of both sexes available in 1924. This will be the first time that the United States has been represented in Olympic lawn tennis and with Tilden, Johnson, Richards and players of similar caliber competing in the men's play and such women players as Miss Molla Bjurstedt Mallory, Miss Helen Wills and Mrs. Marion J. Jessup available a team strong enough to meet and probably defeat the leading exponents of the other court nations is confidently expected.

In selecting the American Olympic committee of 48 which body eventually will be expected to fully 500 members, a majority of the leading officials of the American Olympic association were included. Robert M. Thompson was elected chairman. Fredrick W. Rubien, secretary; Henry Lapham of Boston, first vice-chairman and Dwight Davis of St. Louis, second vice-chairman.

Julius H. Barnes of Duluth, Minn., was elected treasurer. Other business of the meeting included the insuring of the committee to provide for America's participation in the art and literary competitions at the next Olympic games and to encourage and develop in any manner feasible this department of the International meeting which has been neglected by the United States. It also was decided to prepare and award a special American Olympic medal to all members of the 1924 teams regardless of whether they scored points for the United States in the physical and mental competitions.

CIRCULATE PETITION ABOUT MEREDOSIA SEINING
J. N. Peters of Meredosia was in Jacksonville yesterday circulating a petition which is to be filed with state officials with reference to fishing in Meredosia bay. The petition recites that those whose names are appended are in favor of having Meredosia bay seined under state supervision in the living season, for the purpose of catching carp, buffalo and dog fish for commercial purposes and for the destruction of bull fish and shad.

It is stated further that such work will furnish employment to men resident in Meredosia and that it will also improve the hook and line fishing in the bay. Seining has been in progress under state supervision but some objections have been made. It is the purpose of those sponsoring this petition to show that there are those who believe that the seining work, properly directed, will be for the benefit of all concerned.

COMING FOR FARM BUREAU CONFERENCE

Coach Zuppke gave the Illinois eleven its hardest scrimmage of the week tonight as the players dug in for their final practice stand against Ohio State which comes here Saturday with a fighting crew to take its initial saw at fullback, Chris Woodward and Melvain at the halves and Rube Clark at pilot. Hapenny is on the injured list from the Maroon game.

LOYALTY EXPRESSED IN FORCIBLE WAY
CHICAGO, Nov. 22.—Loyalty of football players to their coach usually is expressed in victories on the gridiron. Fielding H. Yost, veteran mentor at the University of Michigan knows his players have an additional way of expressing their loyalty.

The Wolverine coach carried a body that was black and blue from the waist up for a week after the Michigan-Ohio game due to the expressions of loyalty from his players, according to a story revealed by Yost's admirers tonight.

The desire of the Wolverines to win that particular game was so intense that during the period of practice, Yost received no less than a thousand slaps on the back or pokes in the ribs as expressions of loyalty from the players. "It got to be a fright," Yost is quoted as saying. "Everytime one of those kids wanted to convince me of their sincerity to defeat Ohio I got a wallop. My back was sore and black for a week after it."

TRADING IN HAND
OF PROFESSIONALS

NEW YORK, Nov. 22.—Speculators
for the decline again rode on the top
of today's stock market, bringing
about more extensive liquidation of
long stock and hammering prices
down 1 to 5 points. Trading was
again largely in the hands of pro-
fessionals but some selling came
from disillusioned small operators
and investors who had bought recent-
ly in the belief that a turn for the
better was imminent. Railroad shares
which had not been liquidated as
freely as the industrials, proved
more vulnerable today, non-dividend
paying stocks being especially weak
in the afternoon reaction. Baltimore
Ohio dropped more than 43 points.
Investment issues also fell under
the weight of the selling movement.
Union Pacific preferred yielding 13
and losses of a point or more took
place in New York Central, Chicago
& Northwestern common and pre-
ferred, Great Northern preferred and
Northern Pacific the last named
sagging 2½.

Outside news developments were
largely favorable. These included re-
ports showing the steel industry to
be operating at 80 per cent of
capacity announcements of additional
stock or increased dividends and pre-
liminary figures on October foreign
trade showing exports of \$372,000,000
the largest to date as compared with
\$317,000,000 in the preceding month
and \$302,000,000 in August.

Steel shares offered a little better
resistance than U. S. Steel common
broke below 100 and then rallied to
103 3/8 for a net loss of 7 7/8. Gulf
States Steel yielded 1½ but recov-
ered in Bethlehem "B," Crucible,
Lackawanna and Republic were
limited to a point and less. Baldwin,
Studebaker and Corn Products all
fell 1 to 2 points.

The trial of Samuel T. Zachary, charged with the murder of Luther Crawford, has been set for Tuesday, December 5. A motion was entered yesterday to quash the indictment and each count thereof. This motion is to be argued on the date set for the trial. State's Attorney Robinson will be assisted in this prosecution by Walter W. Wright. In the divorce suit of George Williams vs. Anna Williams a motion was made by the defendant to pay temporary alimony and the motion was allowed. The complainant was also ordered to pay \$35 suit money for the use of the defendant by Dec. 15.

DR. LIPPINCOTT TO
MADE ADDRESS HERE

Former Resident Will Appear Before Brotherhood of Congregational Church.

The Brotherhood of the Congregational church are to have the pleasure of hearing an address from a former townsman, Dr. William A. Lippincott, head of the poultry department of Kansas State Agricultural College, Manhattan, Kansas, at their December meeting, which occurs on the evening following Thanksgiving. He is to spend Thanksgiving with his father Mr. J. P. Lippincott. Learning of this those responsible for the program of the evening sought to secure this address and succeeded.

Dr. Lippincott is said to be a rather jovial speaker. From the way he is spoken of in the press occasionally he will doubtless have something interesting. The following from Kansas Industrialist, indicates his standing among scientists:

"Dr. W. A. Lippincott, head of the poultry husbandry department of K. S. A. C., was recently appointed a member of the advisory committee of the American Genetic association. This committee is national in scope and has the particular responsibility of looking after the interests of the Journal of Heredity published by the association. Other members of the committee are: E. B. Babcock, University of California; L. J. Cole, University of Wisconsin; E. M. East, Harvard; R. A. Emerson, Cornell; H. H. Newman, Chicago; George H. Shull, Princeton."

In a recent number (Nov. 1922) of the "Reliable Poultry Journal" is the first installment of an article by Dr. Lippincott on "Improving Mongrel Farm Flocks Through Selected Standard Bred Cockerels" in which he says: "It is rather interesting to recall that when this work was first inaugurated, back in 1912, the writer was the recipient first, of numerous pleas that the project be abandoned because mongrel birds were employed, and later of threats of dire consequences unless it was done forthwith. An officer of the American Poultry Association endeavored to bring pressure to bear which would compel the removal of the writer from his position unless the experiments were modified so as to include only standard bred birds or also abandoned altogether." But the Editor says: "In the judgment of the writer a more important article than this one by Professor Lippincott (to be published in two installments) has never appeared in these pages."

GET ANOTHER
SUPPLY OF FISH

Local fishermen were pleased yesterday when they learned that the fish commission had placed twenty six tanks of fish in Mauvaisterre lake. The tanks contained approximately 39,000 fish, consisting of pike, catfish, crappie and sunfish. The commission was intended for another place but owing to damage to the car it was impossible to move it to its destination. The official in charge consulted with T. J. Brennan, secretary of the park board and told him the board could have the fish for Mauvaisterre lake if trucks were furnished to do the hauling. Mr. Brennan soon arranged this and thus got a fine consignment for local anglers.

TOLD STUDENTS OF
WORK IN NEAR EAST

Dr. J. E. Kirby Made First of Series of Talks on Near East Situation at Illinois College Wednesday.

Dr. J. E. Kirby was the speaker at the chapel exercises at Illinois College Wednesday morning. The visitor has recently returned from the Near East, where he spent the past several years in connection with the work of the Near East committee, and is thus able to give a clear idea of the need which exists there.

Dr. Kirby told of a recent visit to the Turkish mission at Tiflis and of a conversation he had there with the Turkish representative. He said that thru the efforts of the Near East Relief committee over a million refugees have been removed from the danger zone and placed in absolute safety. He referred to the burning of Smyrna as an example of what the Turks are doing to rid the country of religious opposition. The recent happening, he said, is only one of a series which are attributable to the hatred of the Turks for the Christians.

The students at the college are to assist in the drive to be made Dec. 10 and 11, a committee having been appointed by President Rammelkamp to arrange for the work. This committee includes Prof. Bussey, Winifred Butcher, Mary Beauty, Harvey Gunn, Harold Downs, James Hatfield and Arthur Howells.

The goal set by the committee is \$1 from each student in the colleges of the country.

MASONIC HOME SITE
DEED IS RECORDED

Property on West College Avenue Acquired By Masonic Bodies of Jacksonville.

Deeds placed on record yesterday show the transfer of a lot on West College avenue by T. H. Moore of Springfield to the Masonic organizations of Jacksonville. This property is located described as 198 feet off of the north end of lot 2 in block 17 in the City addition of Jacksonville. The title is vested in Harmony lodge A. F. & A. M., Jacksonville lodge A. F. and A. M., Jacksonville Chapter and Hospitalier Commandery.

As already indicated, the property was years ago the Broadwell home and adjoins Central Christian church on the east. The Masonic bodies have extensive betterment plans under consideration and the property is to be the "home" for the four organizations mentioned. The grounds are ample and space will be available for any sort of a structure that may be determined upon.

In some cities the Masonic bodies have their buildings in the business district with certain portions of the property for rental purposes. There has however been a disposition in a still larger number of cities to locate Masonic homes outside the business district, using the property exclusively for lodge purposes.

The site selected in Jacksonville is considered the center of population.

Virginia visitors here Wednesday included Mrs. L. Rexroat.
